

THE HERALD.

CICERO T. SUTTON, Editor

WEDNESDAY, MARCH 28, 1883.

CLARENCE HITE, one of the James gang is dead.

Some miserable thief stole a church bell at the Western Cemetery at Louisville last week.

Her Majesty, the Queen Victoria slipped and sprained her knee. She was improving at last account.

The steamer, Burgundia, arrived at New York on the 23d inst., with the remains of John Howard Payne, the author of "Home Sweet Home."

A GERMAN who was lately married says: "It was easier for a needle to yank out of a camel's eye than for a man to get his last word out in a voice."

We accidentally omitted the credit from the parody on Mand Muller, which appeared in this paper last week. It was from the sharp-tongued pen of Wallace Grinnell, editor of the Breckinridge News.

Gen. STONE died on the 21st inst., from a fall from a wagon aged 31 years.

Owendale Messenger. Very unfortunate for the man and a very remarkable age for a wagon. Which is the chief end of the item?

Mr. JOHN D. BAIRDAGE, of the Breckinridge News, and Miss Mollie Datto, of Brandenburg, were married on the 14th inst., by Rev. Dr. Bowden. We are rather late about it, but there is no end to the good wishes that our heart holds for the happy pair. May their path be one of bliss.

The papers are beginning to talk about candidates for President, but few prophecies are being made as yet. McDonald, of Indiana, seems to be the favorite of the Western Democrats, while there is no definite sentiment in favor of any man in the East. Hancock is talked of by some, but regarded as a dead weight by others.

It is thought the office of Collector of Internal Revenue will be removed from Owensboro to Paducah soon, as the new Government building erected there will turn much better accommodation than any building available in Owensboro. A patent objection to the removal is that Daviess is the banner-waving county of the district, and the present location of the office a great convenience both to the officers and the districts.

PROF. W. B. HAYWARD, of Ohio county, and Col. E. M. Edgar, of Warren county, have announced themselves as candidates for Superintendent of Public Instruction. We do not know Col. Edgar, but we do know Prof. Hayward, and think him unquestionably, the best man in Kentucky for the position. He has spent his life in the school room and has been a successful teacher. Everything about him is scholarly. He measures men by their intellect and not by their name or money. We hope he will visit us before the primary, so the people may see our ideal Superintendent.—*Baldit Pioneer.*

We publish elsewhere in this issue a communication from a prominent citizen of Ohio county recommending Hon. E. C. Hubbard, of that county, as a proper person to receive the Republican nomination for Attorney General. We have only one objection to Mr. Hubbard's name being mentioned in connection with that office. He is entitled to a higher place, and would make a most excellent candidate for Lieutenant Governor, or, for that matter, would do the party credit as the head of the ticket. No man in Kentucky possesses a better record as a Republican than E. C. HUBBARD.—*Southern Progress.*

the dailies leaped from 350 to 1,000. The figures given above are exclusive of Canada, which possesses a total of 600. It is interesting to note that the newly settled regions of the Canadian North-West are productive of newspapers as well as of wheat, for the number of journals issued in Manitoba was nearly doubled during the year.

FOR ATTORNEY GENERAL.

Hon. E. C. Hubbard, of Ohio County, Gets a Boom for that Place on the Republican Ticket.

HARTFORD, KY., March 16, 1883.
Editor Progress.

Now a Republican convention has been ordered to nominate candidates for the several State offices, it behoves the party to look around and select none but the very best men as standard bearers in the approaching campaign. I shall not presume to name candidates for all the State offices, but on the contrary, I shall leave that for older and more experienced politicians, with the bare exception of the office of Attorney General, for which position, I suggest the name of Hon. E. C. Hubbard, of this Ohio county; as one eminently qualified and in every way fitted to discharge the duties of that office. He is about thirty-eight years old, having commenced his mental training quite early in life, we must conclude that he has reached that period generally denominated "mature manhood." He was primarily destined by his parents to pursue a mercantile life, and when quite young became the recipient of a thorough business training, which has subsequently been of great value to him as a lawyer. Later, he abandoned all such pursuits, and, in accordance with his earliest and ardent desire, entered upon the study of the law. Having diligently and successfully studied the legal science and practice under an able preceptor, Hon. E. D. Walker, late candidate for Congress in this district, he was admitted to the bar about ten years ago and immediately entered into partnership with his learned preceptor and the law firm of Walker & Hubbard soon attained high rank in the profession.

The members, individually, also became prominent leaders in politics, not, however, as seekers and holders of office and emoluments, but as public spirited citizens. From the date of his admission to the bar until the present time, Mr. Hubbard has actively pursued the practice of his profession, and is now and has been for years, widely recognized as an eminent, influential and upright lawyer, distinguished for his scholarly attainments, ability and success. His practice as a popular lawyer has been varied and extensive. Although he has never held nor sought any political position of profit, the characteristics which have secured him eminence in his profession have caused him to make him very popular with the people, and although often named for honorable positions, he has hitherto declined to be a candidate. Mr. Hubbard's learning and professional experience, combined with his general good qualities and agreeable manners, so well known to all who have met him, eminently attest his fitness for Attorney General of the State. With such a candidate, the Republicans can go into the contest, feeling fully assured that they have a candidate for this office, and willing to meet any man the Democratic party may put up against him. It is hoped the prominent Republicans of the State will investigate, think over and discuss the fitness of Mr. Hubbard for the office indicated and the propriety in nominating him in May next.—*G. C. H. in Southern Progress.*

THE CHURCH ORGAN.

How a Spirited Louisville Girl Expresses Her Sentiments.

There is a very bright and musical little boy in Louisville, aged fifteen, who recently made the effort of her life to get an organ for a little mission Sunday-school. Enclosed with the advertisement of some maker in the East whose organs had "golden tones," and other attractions, she ordered the organ and was swindled. Then the little boy made another effort of her life, and sat down and wrote the company a piece of hot scathing mind, as follows:

I received your beautiful organ the 5th. I think it is the neatest thing for kindwood. I am afraid if I should put it in the wood-stove, it would sear all the rats in the neighborhood away. There are two holes in the box which I suppose are meant for stops. I am going to get some wood, paint it black, cut some pictures out of wallpaper, paste them on the wood, and I will have the most beautiful organ ever seen, resembling yours. It will always be said by me, and all who have seen the box, that the Union Organ Company is a fraud. I suppose that the voices in New Bedford are of the same "golden tone" as that organ. I would like to hear the singing it every voice in the Organ Company blends with that organ. We do not want such sounds of an organ in the great city of Louisville. I have a notion to put the box in my new Industrial Exposition, so that everybody will be thoroughly acquainted with the Organ Company blends with that organ.

March 22, 1883.

Leaving Louisville on the 8th inst., I started by the L. & N. in search of "so-called unknown and yet to be made." My first stop was at Minford-on-the-Capitol, where such projects ought to be fostered, and where they would evi-

was told at this place that the finest Burley tobacco grew in the famous vicinity; that on one occasion, several years back, that one hit after taking the preening at the tobacco fairs at different points, sold at the enormous price of five dollars per pound in New York City. That on another occasion, one sold at one dollar and fifty cents, per pound, so we can account for the eagerness with which foreign buyers bid up on Hart county burley.

What along the line does not look well at all; generally, the crop looks late, thin and listless.

At Cave City, we noticed names on the register of men and women from all parts of the United States—England, Germany, France and other European countries. All visitors to the famous Kentucky Mammoth Cave, which is 9 miles west of the city, are, in conversation with people there, we were told that there lived gray headed men within three miles of the cave who had never seen its grandeur.

Next was Frankfort, which we must not fail to notice; a nice, city-like looking town, in Simpson county, famous for fine stock, especially fine milk and butter stock.

Bowling Green has been left out, well

Bowling Green is a nice little city, but the people were out of the coal and we were told that there was a contract existing between the L. & N., R. R. and the Navigation Co., to the effect that no competition should exist. The R. R. Co. gets coal at 9 cents per bushel at Rockport. Everybody should be educated.

ANNOUNCEMENT.

PROF. W. H. HAYWARD authorizes us to announce that he is a candidate for the office of Superintendent of Public Instruction of the State of Kentucky, subject to the decision of the Democratic Convention, to be held at Louisville, May 16th, 1883.

HON. JESSE S. WILLIAMS authorizes us to announce that he is a candidate for re-election to the House of Representatives of the State of Kentucky, his candidacy is subject to the will of the Democrats of the county, whose support we particularly solicit.

MIL. J. H. WELLER authorizes us to announce that he is a candidate for Representative of Ohio county in the next Legislature of Kentucky, subject to the action of the Democratic party.

W. D. COLEMAN, Esq., authorizes us to say to the Democrats of Ohio county that he is willing to serve them as a Representative in the next General Assembly of Kentucky. His candidacy is subject to any action that may be taken by the Democratic party.

MR. C. G. KIMBLEY, of Ceredo, authorizes us to announce that he is a candidate, subject to the action of the Democratic party, for Representative of Ohio county in the next Legislature.

PERSONALS.

Persons in town having visitors or any other item they would like in this column would confer a favor if they would inform this office. The town is not very large, but one hand can't get all over it every day and run a newspaper.

Mrs. Miller tiree and Mary Sutton, of the Taylorfield neighborhood paid us a visit Saturday.

Woodruff Truman, Esq., of Indiana, is visiting relatives in this county. He will remain several days yet.

Messrs. Dick Stowers, and Ben Smith, of Singtonton, have been in town the past week visiting friends.

Mr. J. L. Manzy, of Elkhorn, Ky., arrived last week on a visit to friends and relatives. He was raised here and is an ever welcome visitor.

Mr. L. Johnson and wife are Miss Frankle Hewlett, of Pleasant Ridge, were visiting the family of Mr. J. P. Sander Saturday and Sunday.

Mr. Willie Berry, of Beaver Dam, who has been very low with pneumonia, is now much improved that he is able to be out. His friends here were surprised and glad to see him on our street Monday.

—Use "Homestead Fertilizers."

Pike's Toothache Drops cure in one minute.

—When you come to town Monday don't fail to see the bargains in clothing offered by S. B. Bishop.

Plymouth Rock eggs for sale by F. P. Morgan for hatching purposes, Hartford, Ky. 12-21

—We have a new 2 seat spring wagon with pole and shafts, we want to exchange for a young work horse; anyone wishing such, apply to W. Williams Bros. 12-21

—The Blount farm wagon is the best and cheapest place in town to get your horse fed.

—Mr. S. W. Anderson will return the latter part of this week from the east and the first of next week the new goods will begin to come. Look out for the biggest display of fine goods ever brought here. The Bazaar will surely have them.

—Spring goods just received at Henry Small's, which will be sold at cost.

—Stockraisers will note with interest the fact that the fine saddle and harness stallion, Lexington will stand the present season at Sullenger's stable in Hartford. Lexington is too well known to need any description. Rates, \$8 to insure, \$7 for the season.

—Opinion of eminent Dr. R. S. Steuart, President Maryland Hospital, Baltimore: I have used Coldeur's Liquid Beef Tonic for more than a year and recommended it as one of the most efficient preparations I have ever met with. It combines the virtues of food and tonic in a remarkable way, and I am satisfied has saved life when no other medicine could do so. Remember the name, Coldeur's, take no other. Of druggists generally.

—It is our painful duty to record the death of Mrs. Charles Bennett from pneumonia, which occurred last Friday at her home near this place. She has been known all her long life for her many Christian virtues, and her death is sadly mourned by innumerable friends and many relatives. We had not the honor of knowing her personally, but to have heard her and her many excellent traits spoken of was to be a stranger to the portion of the country where she lived. The card has too few of such women, and such a loss is great cause for sadness.

—Remember you can buy a good sewing machine with cover for \$20 at Anderson's Bazaar. 14-15

Hill's Hd and Whicker Dyeblock or brown, \$6c.

If you want bargains in dressgoods call on S. H. Bishop.

—Rock Melton, near Cerdo, died Friday of pneumonia.

The wife of Thos. Newcomb is very low with consumption.

—Buy your garden seeds at the Red Front. Sole agents for Ohio county.

—One day last week Thos. Newcomb gave his child, aged about two weeks, three drops of laudanum, and it slept thirty-six hours before it could be aroused.

—The county Republican Committee is requested to meet at Hartford, on the 14th day of April, 1883, for the transaction of important business.

D. L. SMITH, Unison.

—Dr. W. H. Arment will be at the Hartford House on April 10th, prepared to do all kinds of dental work. Will remain but a few days. Call on him early.

—Peek's Bad Boy is raising many hearty laughs all over the country at this time. It is not by any means thoroughly original, but some of the situations are so ludicrous as to be irresistibly laughable.

—It is better to remove than to hide complexion blemishes. Use Glenn's Sulphur Soap, not cosmetics. Sold by druggists.

—Born—Monday, March 26th, 1883, to the wife of J. H. Weller, of this place, a son. He is an energetic citizen and will probably be of great service to his parents in the Legislative canvass.

—Those intending to use "Homestead Tobacco, Corn & Wheat Grower" should do us a favor by leaving their orders with us at once. W. H. Weller, Red Front.

—Our lady friends in the vicinity of Horton and Rosine will be glad to learn that Miss Nannie Jones will open a millinery store at Horton between April 1st and 15th. She has had an extended experience and will give satisfaction.

—King still has a few of the best farm wagons for sale. Call and see them before purchasing elsewhere.

—Mr. George Cummings, of Sulphur Springs, added to our number, Saturday, a double egg, or in other words, an egg in an egg. It was a very large hen egg, and upon a hole being broken in the outside egg the other one was discovered to be a well-developed egg inside. There was also another egg in there about the size of a pea.

—Big bargains at Henry Small's, as all goods have to be sold in the next thirty days.

—Mr. James Tinsley, of Rockport has small-pox, and it is not thought he can recover. He went down the river recently and took the disease on his return. Very considerable excitement exists at and near Rockport, and in fact some uneasiness is felt here regarding the matter. No precautions in the way of vaccination are being taken that we are aware of.

—Dr. John M. Berry, of Beaver Dam, and Miss Willis, of Littlefield, were married at the residence of the bride's father, on Wednesday morning last. The marriage was quite a surprise to the friends of both parties, but none the less a happy one for all that. We extend our heartiest congratulations to the groom and our warmest good wishes to both.

—When you come to town, put your horse in King's stable, the best and cheapest place in town to get your horse fed.

—The April number is already out, filled with delightful reading and elegant embellishments. The chromo presented with it, "A Basket of Flowers," is a gem. "The Architectural Progress of New York City," the opening article, has twelve illustrations of prominent new public and private buildings. "The Descent of the British Crown," by A. H. Guernsey; "Edinburgh," by Noel Ruthven; "Leon Gambetta," "Ancient Laborers and Princes of Grand Chimu and New Granada," etc., etc., are exceedingly interesting and profusely illustrated. The serial, "The Beautiful Countess of Clairville," is continued and there are admirable short stories, sketches, adventures, etc., by popular writers. Geo. Meredith, Geo. Weatherly, etc., contribute some excellent poems, and the miscellaneous articles, paragraphs, etc., abound with entertainment and information. There are 128 pages quarto, and over 100 embellishments in each number of this favorite magazine; the price of a single copy is 25 cents yearly, \$1 a year postpaid. Address, Mrs. Frank Leslie, Publisher, 53, 55 and 57, Park Place, New York.

—Educational.

To the friends of Education in Ohio City: There has been a call signed by leading men all over the State for a Convention, to be held at Frankfort April 5th, 1883, to take the necessary steps to advance the school interests of the State. After consultation with several prominent men who are warm friends of popular education, I have concluded to call a convention of the teachers, trustees and friends of education of this county to meet in convention at the Court-house in Hartford next Monday, April 2d, 1883, to select delegates to the said State convention, and transact such other business as may be presented.

I urgently request every teacher, trustee and friend of education in the county, who possibly can, to be present.

F. L. FAIR, C. S. C. O. C.

—Two juvenile drivers, on the road between Beaver Dam and town, turned their buggy over one day last week. Boys, next time watch for stumps.

—Ladies' dress goods just received that will be sold at 10 cents per yard at Henry Small's.

—If you want to double your crops use Homestead Fertilizers, for sale only at the Red Front. Sole agents for Ohio county.

The bride is a beautiful blonde, amiable, intelligent, and was one of the belles of our town. Mr. Sutton to Miss Etta Montague, only daughter of the late Judge A. P. Montague, who was one of the most prominent citizens of the county.

The ceremony was performed by Rev. J. S. McDaniel in a graceful and impressive manner, in the presence of many admiring friends.

The bride was attired in blue silk, court train, trimmed in lace. She wore a flowing veil with pearl ornaments and indeed looked the happy bride as she received the congratulations of her many friends. The groom was attired in the regulation black suit.

Immediately after the ceremony was performed the elegant, spacious and well-lighted dining hall was thrown open, where the table stood arranged and laden to perfection with every delicacy that heart could wish, and which was partaken of heartily by their friends.

We wish them all happiness, as they are both worthy young people.

Mr. and Mrs. Sutton left next morning for Hartford, where they will make their future home.
